## **The Collective is launching a new branch: The Collective Junior!!**

### **A Brief Introduction:**

The Collective is a print and online publication comprised of conscientious and informed citizens willing to share their ideas concerns and opinions. Our aim is to gather diverse conversations that matter. Our ultimate objective is to lead a collective of informed, knowledgeable, and proactive communities of opinion makers.

**The Collective Junior** is a platform where young adults can tap into their creativity and express themselves through various media outlets. Check out our flyer to learn more about our upcoming launch!
